

Dr

Percy & mos t. Phelps

Farmington.
Connecticut.

I expected to meet you in New York
and to see you here at the Conven-
tion - Yours truly

S. J. May —

you are not coming to Boston - But I
have no doubt your own judgment will
guide you more surely to the right result.

In Pine St they are in trouble because
of an application I made for the use of
their House by the Convention. - The ex-
ecutive Committee granted the request.
But the few holden have called a meet-
ing to annul their doings. What will
be the result I cannot foresee - but the
Abolitionists seem to be more resolute
than than I have ever known them.
What I have told you is interesting -

Our proceedings in relation to the Legis-
lature have produced the happiest re-
sults - and we all rejoice to learn
that you intend to make a similar
movement. - The case of Abby Dear
furnishes you with a very proper ground
of appeal -

I have recently lectured at Abington
Sawell - and Weymouth to large au-
diences, without any disturbance. To-
morrow I am going to Leicester and
perhaps to Northampton -

All about me send love to you

Boston April 5. 1836.

Dear Bro. Phelps -

S. J. May

Your interesting letter of March 30 came to me in due time. — I rejoice to hear you have turned the current in Windham County. — Your request to have copies of the Full Statement was made known to the Board last evening — They voted to let you have 250 copies — and to charge the same to the national society. We are too poor to give them. The national Society have made heavy drafts upon us — and we are now much in debt. We mean to propose a new arrangement so that hereafter we may be more fitted than we have been by the moneys raised in this State.

I have sent to day a bundle addressed to you care of Daniel Bergess of Hartford. In it you will find 250 copies of the Full Statement — 25 or 30 copies of the Call — and 6 copies of the Account of our Interviews with the Sust Committee —

For many reasons I am sorry
